Sunday, May 31, 2015

To Whom It May Concern

Dear Sir or Madame:

I have known Mr. Istayfo Ergun in my capacity as a Manager of the large-scale project Macquarie Central (Toga Group). I have found him to be very honest, hard-working and reliable. He was a highly devoted employee and his performance at the organization was excellent.

Istayfo worked under my supervision as a Supervisor of Traffic Management at the Macquarie Central Project for the past two years.

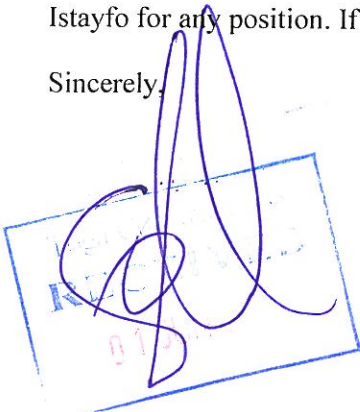

He proved an innate organizational talent and intelligence and was always highly creative in finding the proper solutions even in difficult situations. Istayfo proved to work remarkably efficient and was able to make quick and right decisions even under high pressure. I was impressed with Istayfo's accuracy, his creativity, his organizational and leading skills, his hard-working attitude and especially his ability to work efficiently and even thrive under high pressure and in difficult situations. He functioned very well as a supervisor, kept a cool head in every situation and conducted his work to our utmost satisfaction.

On the interpersonal side, Istayfo gets along extremely well with staff under his supervision, colleagues and management. He is highly respected, as both and professional by colleagues, employees and management alike.

When Istayfo announced his leaving we were saddened to see him leave. We not only lose an exceptional employee and worker but an exceptional person alike, although we wished him the greatest success and luck in his new undertaking.

In closing, as detailed above, based on my experience working with him, I can unreservedly recommend Istayfo for any position. If you like further elaboration, feel free to contact me.

Sincerely,

Simon Mak
